We now have in house an incredible new printing process. Using non solvent inks (good for the atmosphere) which are water proof, sun proof and very scratch resistant. We are obtaining a fantastic quality print on most substrates (eg: wood, glass, acrylic, plastic, brass, stainless steel, aluminum, etc). Our print process replaces both pad printing & screen printing with the huge advantage of running direct from our computer bypassing both pads and screen requirements.

Brass & Stainless Steel plaques now available for outdoor use!
